

Supplied Image Guidelines

Please take a few minutes to identify images that best represent your community. Here are some basic requirements and helpful tips that you should be aware of before sending Apartments.com your photos.

Photographs:

- Images must be owned by the property, NOT copyrighted by another photographer or vendor
- Photos may not have people in them
- Images are subject to resizing modification (customer supplied images cannot be edited in any way except for resizing)
- All images must include the name of your community AND management company. Floor plan name must be included for all model images.
- Images will be returned to you upon request
- Color, horizontal images are recommended

Floor Plans:

- Floor plans from your marketing materials are preferred
- Supply as large and clear an image as possible

Logo:

- JPEG or GIF format is preferred
- 180 x 120 pixels or larger
- The color logo used in your marketing materials is preferred

Types of Image Formats Accepted:

- Digital Images (JPEG format is preferred, close to 640(w) x 480(h) pixels, at a minimum of 72 dpi)
- Printed Photos
